Sandy Ranked Amount Top 50 Safest Cities for 9th Consecutive Year.

For nine straight years Sandy City has ranked among the top 50 Safest Cities in the United States. According to Morgan Quitno's 13th Annual Safest City Awards, Sandy City ranked 26th out of more than 370 cities nationwide that had populations greater than 75,000 people. The six crime categories considered include murder, rape, robbery, aggravated assault, burglary, and motor vehicle theft. These

categories are used in a formula and given equal weight to determine cities' rankings. Commenting on the award, Police Chief Steve Chapman said, "We are thrilled to once again be included among the safest cities in the nation. We feel this is a reflection of the hard work of our police officers and the concern and involvement of our citizens and business community. We are committed as a police department to continue this effort." Sandy City's first top 50 ranking appeared in 1998 with the highest ranking coming in 1999 at 18th safest city in the country. ▲
